#### **Employees Years of Service Recognised**

A total of 41 employees were recognised for their longstanding commitment to Queensland Alumina Limited (QAL) at an official Service Award function on Friday night.

Each individual received a special gift in commemoration of their service, ranging from 5 to 20 years, with the group collectively boasting a total 485 years of knowledge and experience with QAL.

QAL Managing Director Phil Campbell said he was very proud of the vast wealth of experience of employees at QAL.

“It is this wealth of experience that is driving the success of QAL and also providing us with a solid base for the future through skills sharing and mentoring,”

“Our longstanding employees set a great example to the younger members of our workforce and we are very proud of their achievements.” Mr Campbell said.

This event was the second Service Awards function for the year. Employees with more than 20 years of service will be recognised at two functions scheduled next month.

---

**About Queensland Alumina Limited:**

Queensland Alumina Limited (QAL) commenced operation in March 1967 with an annual production rate of 600,000 tonnes of alumina. Today QAL is one of the world's largest alumina refineries, producing 3.95 million tonnes of the world's best smelter grade alumina per year. With an average workforce of 1050 employees, QAL one of the region's largest employers and annually contributes approximately \$300 million directly to the local economy.
