Community Notification

Transportation of coal by road

Due to the recent adverse weather conditions throughout Queensland, Queensland Alumina Limited (QAL) is optimising coal availability in Gladstone by transferring surplus coal from Rio Tinto Yarwun to our refinery.

Coal is a non hazardous material and trucks will travel along Hansen Road and Glenlyon Street, left into Derby Street, right into Toolooa Street and left into the QAL access road on a continuous schedule for the next few days.

We apologise for any inconvenience during this time and encourage you to call 1800 181 110 if you have any questions. A map detailing the anticipated delivery route is below.

About Queensland Alumina Limited:

Queensland Alumina Limited (QAL) commenced operation in March 1967 with an annual production rate of 600,000 tonnes of alumina. Today QAL is one of the world's largest alumina refineries, producing 3.95 million tonnes of the world's best smelter grade alumina per year. With an average workforce of 1050 employees, QAL is the region's largest employer and annually contributes approximately \$400 million directly to the local economy.
