

QUEENSLAND ALUMINA LIMITED

Lead Drafter

ENGINEERING AND ASSET INTEGRITY

We have a team leader opportunity for an experienced drafter to lead the drafting team within Engineering and Maintenance Services. This role is responsible for providing a drafting support service across the site as well as assisting the Area Engineers in the delivery of the Capital Plan.

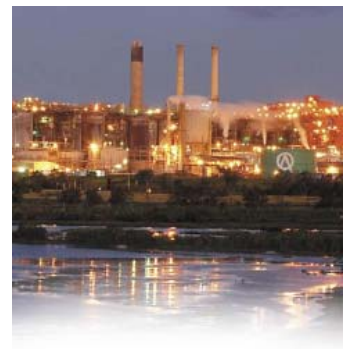

The successful applicant will lead a team of Mechanical/Civil/Electrical and Instrumentation drafters and manage the preparation, storage and printing of all Engineering drawings for the QAL site. You will also conduct regular checking of outsourced drafters work to ensure a "fit for purpose" outcome. Managing the training of Cadet Drafters is also an important part of this role.

Skills required

- Engineering qualifications suitable for acceptance to associate membership of IEAust would be an advantage.
- Demonstrated experience working in a drawing profession in a heavy industrial operation and maintenance environment.
- Frontline supervision

Applications

Applications close **Sunday 1 August 2010**. Please forward applications directly to QAL at recruitment@qal.com.au.
