Supervisor - Cranes

REFINERY SUPPORT – ENGINEERING & MAINTENANCE SERVICES

We have an opportunity for a supervisor to manage people and resources within the Refinery Support team to provide a maintenance service for cranes and supply of access and hire equipment to meet our operational needs.

The successful applicant will lead a team of crane drivers, including contractors, to coordinate the service to meet budget production and cost targets. The role plans and schedules the work for the crane base. You will be accountable for ensuring the safety and wellbeing of those in the team, recommending safety improvements and coordinating activities to eliminate hazards.

Skills required

- Working knowledge of Crane Base operations
- Demonstrated Supervisory skills / experience
- Proven ability to meet safety, environment and business targets

Diploma in Frontline Management and/or Maintenance Management would be an advantage.
