

QUEENSLAND ALUMINA LIMITED

Business Improvement Specialist

Business Improvement – Gladstone, Qld

Queensland Alumina Limited (QAL) is one of the largest alumina refineries in the world, located in the coastal city of Gladstone, Central Queensland.

The purpose of this role is to provide the leadership and expertise needed to support and facilitate business system transformation projects across the organisation. Key duties of the role include:

- Supporting and facilitating improvement projects – imparting knowledge and experience to build internal capability
- Guiding process owners with project selection and scope, assuring linkage between initiatives and business priorities
- Engaging leaders and team members in the application of improvement tools (Lean Six Sigma) to deliver timely and sustainable improvement projects
- Working with the Business Improvement Team to implement Lean and support other improvement projects

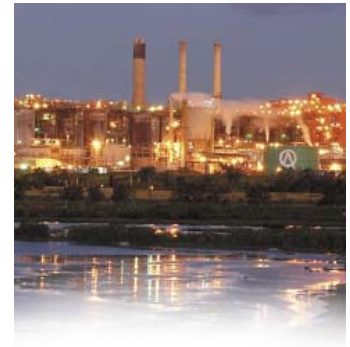

An excellent communicator with good leadership and influential skills together with a strong passion for business improvement will ensure the success of this role.

Skills required

- 3+ years Lean Six Sigma (Black Belt) experience
- Constructively challenge the status quo, and engage others to make improvements
- Effective communicator, with the ability to build strong working relationships with all levels of the organisation

Applications

Applications close **Tuesday 10 August 2010**. Please forward applications directly to QAL at recruitment@qal.com.au.
